## CAR JOURNEY CHALLENGE

What other animals could you sing  
about?

Teeny weeny ladybird...

Itsy bitsy beetle...

Incy Wincy is sung in many countries in  
different languages, why not learn to  
sing it in another language?

## SINGING RING GAME

Children hold hands in a circle and walk round as  
they sing the first line  
As the spider is washed out they all hold hands and  
run in with a whoosh like the 'hokey cokey'  
Tiptoe round for the sunshine and then walk round.  
For the second verse, walk round and then into the  
middle for the snow so you can all cuddle when  
Incy freezes.  
Tiptoe round for the sunshine and walk round  
again.  
Don't forget Incy can be wearing different types of  
shoes which can encourage stamping, tiptoeing,  
running, changing the tempo and dynamics.

## Playing together

Children stand facing each other and sing each line in turn.

They then sing again with the actions, but try to share the actions. e.g hold hands in front of you and walk hands up in the air touching your partners hands as you go.

You will be creating a type of playground clapping game.

## A FUN CHALLENGE FOR CHILDREN AND ADULTS

Try stamping your feet to the beat and clapping the rhythm (words) of the song at the same time. A bit like rubbing your tummy and patting your head! Good one for the staff room :)

## SINGING WITH PUPPETS

Take it in turns as to who has the spider puppet. If it is the adult, the child can be the drain pipe and spiders walks up the child or tree.

## SING and Draw

This is our adaptation of the lovely Story Massage. You can draw some lovely pictures on each other's backs with your hands or fingers as you sing this song.
